SPECIFICATION FOR MEDICAL SUPPLIES

GENERAL:

The City of Birmingham is bids for an annual contract for the supply of various medical supplies. The basis of the bid shall consist primarily of any and all first line, first quality medical supplies which the City may require during the life of the contract. Bid consists of ten different groups (group 6 and group 6-A will be awarded as separate groups) which will be awarded on an individual group basis, a list of individual items which will be awarded on an individual line item basis, and a listing of medications which will be awarded on an individual line item basis to the lowest priced responsive responsible bidder. Bidder does not have to bid all of the groups or all of the items listed as individual items; however, bidder is to bid all of the items that appear in each of the groups he/she decides to bid.

NOTE: The City has a primary provider for medications. The purpose of this bid is to establish a secondary source for needed medications. There is no estimated quantities for any of the items. Bid a unit price for each item listed.

SPECIAL NOTE: For each item on the bid form the City defines the unit of measure for each item (each, box, bottle, case, etc). Bidder must state the quantity makeup for each unit of measure bid in the column titled Standard Packaging EX: 50/box, 80/bottle, 144/case, each – do not define a case as 10 boxes/case without also defining the size of the box – 100/box. Failure to provide this information may result in your bid being declared non-responsive and not considered for award. Bidder must extend and total each group of items bid.

The proposed contract shall extend for a minimum time frame of one (1) year with a month to month extension thereafter, at the prices originally bid, upon mutual agreement of both parties. This extension phase is not to exceed twenty-four (24) months. Prior to the end of the initial contract year or during any extension phase of this contract, the successful bidder(s) shall give the City an advanced thirty (30) days written notice if they wish to terminate the contract. During the extension phase of the contract should any product bid have a manufacturer's price increase which applies across the board to all sales of the products, the City shall allow the bidder to increase the bid price by the exact dollar amount of the manufacturer's price increase. Bidder must provide the City printed documentation from the manufacturer of any such price increase at least thirty (30) days prior to implementing any increase in price. No increase in price shall be allowed during the first year of the contract.

Municipalities are not liable for sales tax: reference Code of Alabama Section 40-23-4. Costs normally considered pass through costs (property tax, use tax, delivery charge, etc.) to the customer by the provider must be included in any fee proposed (Code of Alabama Section 40-12-222). For the purchase of personal property, the City's policy is to apply a local preference option, as allowed by State of Alabama Code, Section 41-16-50, in determining the low bidder.

Bidders are required to provide an original and two (2) copies of the bid.

No bid may be withdrawn for a period of sixty (60) days after the date of the bid opening.

Failure to adhere to any or all terms, conditions and specifications as set forth in the contract may result in the immediate termination of the contract. Should termination occur, the holder of the contract may be declared a "non-responsible vendor". This declaration may result in the rejection of any future bids submitted by the vendor for a period of time to be determined by the City.

Contract award to purchase the materials covered in this bid document shall be construed under and governed by the laws of the State of Alabama and each party hereto irrevocably agrees to be subject to the jurisdictions of the courts of the State of Alabama.

The City will issue purchase order(s) to the successful bidder for the goods and/or services (bid items) that are the subject of the bid. Unless otherwise agreed in a writing that is signed by both parties, the entire agreement between the City and the successful bidder concerning the bid items is comprised of the terms, conditions, specifications and requirements stated in (a) the contemplated purchase order(s), (b) this Invitation to Bid and Specifications and (c) your bid (collectively, the "Contract Requirements"). These writings supersede all former proposals, offers, negotiations, representations or agreements, either written or oral, concerning the provision of vendor's goods and/or services. By acceptance of the City's purchase order(s), the successful vendor agrees to abide by and perform its responsibilities related to the bid items in compliance with the Contract Requirements.

Each bidder is to extend unit prices and provide an extended total for each line item being bid. If the extended total of all items being bid exceeds \$10,000.00, a bid bond, a cashier's check, or certified check in the amount of \$500.00 is required to accompany your bid. In order for any bid award to be made that exceeds \$10,000.00 your bid must have been accompanied by an acceptable bid bond or check (**REFERENCE COVER LETTER OF "INVITATION TO BID"**).

The content of the specification or descriptions of items included in this document vary due to application, compatibility, use and other significant factors. A few items state a specific model and manufacturer with the requirement of "No Substitute"; therefore, the City will not consider any other product for award. Other items may list a model and manufacturer as a point of reference to quality, style or other factors. **Any bid for an item other than that specifically referenced must be accompanied by catalogs, brochures, and/or specification sheets which will adequately demonstrate the item bid is equal to that specified. For items with general descriptions only and no model or manufacturer referenced, the bidder is to provide brochures or specification sheets with the bid which will describe the item in detail as to materials, construction, style, etc.** The City may require samples of any product before an award is made. Any samples requested must be made available to the City within seventy-two (72) hours of request. Failure to provide the samples within this time frame will result in the rejection of the products from award consideration. Said samples will be a factor in evaluation of bids.

Successful bidder shall not assign this contract to any other party without prior written approval of the City of Birmingham. Contract shall not be assigned to an unsuccessful bidder who was rejected because he was not a responsive or responsible bidder.

The contract shall become effective from the date noted in the Notification of Award letter(s) which will be mailed to the successful vendor(s).

All bids submitted are to be F.O.B. City of Birmingham delivered. The City will state delivery location with each order placed.

Any bid that stipulates a reversal of freight charges, if a minimum quantity or purchase order amount is not ordered, will be determined a non-responsive bid and will not be considered for award.

The City has limited storage facilities so timely delivery shall be a consideration. The successful bidder shall guarantee full delivery within twenty (20) working days of receipt of order. Consistent failure to meet delivery times will constitute grounds for the termination of the awarded section of the contract and the declaration of the vendor as a "non-responsible vendor". This declaration will result in the rejection of any future bids submitted by the vendor.

The City reserves the right to cancel the contract, in whole or part, and seek new bids at any time the City determines that the item or product line being supplied is failing to perform satisfactorily.

The City's standard payment term is Net-30 Days from acceptance. Exception may be allowed for discounted early payment, such as 2%-10, Net 30 Days. The reference date for all such discounted early payment terms will be the date the invoice is received or the date the goods are received, whichever is later. In the event of a dispute the City's records shall prevail. **The City will not consider any bids requiring C.O.D. payments.**

Any questions concerning these specifications should be addressed to the Purchasing Division, at (205) 254-2265, Monday through Friday, between the hours of 8:00 a.m. and 4:00 p.m.

The quantities on the bid form are estimated annual quantities only. Merchandise shall be ordered as requirements dictate. The City reserves the right to purchase more or less than this quantity as conditions require, and no bidder shall attempt to hold the quantities shown as a firm quantity under this contract.

Bidders are to supply all requested data in the appropriate space on the bid form. Failure to supply this data may result in the rejection of bid.

All participant bidders shall mark conspicuously – **compliance or non-compliance with an "X"** in the appropriate column beside each specified item. Those items marked in the **"NO"** column must be explained in detail on the provided **"Exceptions to Specifications"** pages.

Should other medical supply items currently not shown on the bid form be required during the life of the contract, the City reserves the right to seek verbal bids from only the responsive respondents of this Invitation to Bid, and to make an award of these additional items to the lowest responsive, responsible bidder(s) for the remaining life of this contract.

Bids may be solicited for the products included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Agent as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Contract award to purchase the materials covered in this bid document shall be construed under and governed by the laws of the State of Alabama and each party hereto irrevocably agrees to be subject to the jurisdictions of the courts of the State of Alabama.

Bidder (and its employees, agents and any subcontractors) shall not discriminate on the basis of race, color, national origin, or sex in the performance of the services contemplated hereunder. Failure by the Vendor to carry out these requirements is a material breach of its obligations, which may result in its termination or such other remedy as the City deems appropriate.

Bidder acknowledges and agrees that, consistent with federal law and City's public policy, it will encourage disadvantaged business enterprise (DBE) participation to the extent permitted by law. A "disadvantaged business enterprise" is a for-profit small business concern (i) at least 51% owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51% of the stock is owned by one or more such individuals; and (ii) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it. In accordance with federal law, a "socially and economically disadvantaged individual" includes African-Americans, Hispanic Americans, Native Americans, Asian-Americans, women, and any additional groups designated as socially and economically disadvantaged by the federal Small Business Administration.

Contract award to purchase the service covered in this bid document shall be construed under and governed by the law of the State of Alabama and each party thereto irrevocably agrees to be subject to the jurisdictions of the courts of the State of Alabama.

Successful bidder acknowledges and agrees that the City has the right to deduct from total amount of consideration to be paid, if any, to the successful bidder under this agreement all unpaid, delinquent, or overdue license fees, taxes, fines, penalties and other amounts due the City from the successful bidder.

The City of Birmingham must have a copy of the successful bidder's current City of Birmingham business license prior to formal award of contract. Each bidder may submit a copy of his/her license along with his/her bid. However, bidder must provide a copy of his/her current business license no later than seven (7) working days of receipt of notice of intent to award. Failure to submit the requested information will result in the notice of intent to award being revoked.

Any successful bidder who is not currently set up as a vendor in the City of Birmingham vendor file will be required to submit a completed W-9 tax form prior to any award. The W-9 tax form may be submitted with your bid or no later than seven (7) working days of receipt of notice of intent to award.

Successful Vendor (located in the State of Alabama or located outside of the State of Alabama, but employs one or more employees within the State of Alabama) represents and warrants that it does not knowingly employ, hire for employment, or continue to employ an "unauthorized alien", as defined by the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, Act No. 2011-535 (H.B.56) of the Alabama Legislature, as amended from time to time (the "Act") and that, during the performance of this contract, Vendor shall participate in the E-Verify program as required under the term of the Act. Vendor agrees to comply with all applicable provisions of the Act. As a condition for the award of any contract, Vendor shall provide documentation establishing that the Vendor is enrolled in the E-Verify program, or a signed, written statement that the Vendor does not have a presence (one or more employees) in the State of Alabama. Vendor may submit applicable documentation with his/her bid or no later than seven (7) working days of receipt of notice of intent to award. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the contract/agreement and shall be responsible for all damages resulting therefrom.
